

Specification deffood-100

- 1-Appearance: liquid
- 2-Color: colorless to pale yellow
(in case of water diluents milky)
- 3-Density: 0.88-0.92
- 4-pH: 6-8
- 5-Solubility: emulsifiable in water

Chemical features:

- 1-Fatty acid ester quality
- 2-Nonionic surfactants
- 3-inert filler

Applications:

- 1-Food industries
- 2-Beverage
- 3-Sugar
- 4-Bread industries
- 5-Drugs
- 6-Wastewater treatment

...

Dosage:

Depend on your process and conditions 1-4%

Package:

20 and 50 liter cans.
